DIRECTIONS

- 1st. Fill a tub about half full of warm water-(the water should not be very hot).
- 2d. Wet the pieces one by one and rub the soap on them, and put them in to soak for about 20 minutes.
- 3d. After soaking 20 minutes rub out on the washboard in the usual manner, and the dirt will be found to actually drop out with only a little rubbing.
- 4th. Then wash through a clear rinse water which is to take out the dirty suds.
- 5th. Rinse through a blue water and hang up to dry Without Scalding or Boiling a Single Article no matter how soiled they may have been.

Can wash white and colored stockings, handkerchiefs, towels, and underclothing in a wash basin and have them as clean and sweet as if done up at a first-class laundry.

Many a woman blesses the day when she was first induced to put aside her own ideas and try FRANK SIDDALLS SOAP, and his easy, sensible, genteel, and lady-like way of washing clothes, and forever banish the hard and steamy way that filled the house with the disgusting smell from boiling suds. Try it next Washday.
